Hidden Message Word Find

Drugs, alcohol and tobacco will all **destroy, damage** and cause **death**.

These drugs are often pictured as **attractive** and **desirable**. The real picture is not shown and **advertising** is used to **tempt** and **entice** people to use them. You are **offered** something that seems to have an **advantage** or something **pleasing** to the **senses**. If you **give** in to the **temptation** you will find that you were not given the real **truth**. **Satan** also tempted Adam and Eve to take what looked attractive and pleasing to the eye, but instead it brought sin and death into this **world**.

Don't be fooled by what the world tries to make attractive, but is really **deadly**.

Find all the words that are underlined and bold. Then take all the letters that were not used from the top across and down to the bottom to find the answer to these temptations.
